

STUDENT BILLING INFORMATION

NSCC no longer provides students with paper copies of their billing statements. All billing statements are now available online; students may view their billing statements through myNSCC (College ID "A" number and pin number are required). During the registration process, bills are placed online approximately two weeks prior to the last day to pay. All other bills are uploaded on a monthly basis. Students should access the website periodically to check their account balances and view their most current billing statements.

Note: Bills are provided even if the balance due is \$0.00 due to requests from students who need to provide copies to their employers for reimbursement purposes.

For additional information, please contact the Bursar's Office at 615-353-3312 or 615-353-3509
